

OLDCASTLE FRP

STRENGTH AND DURABILITY,
CAREFULLY CRAFTED.

STRENGTH AND DURABILITY, CAREFULLY CRAFTED.

INTRODUCING OLDCASTLE FRP

The Oldcastle FRP family of enclosures are produced in a unique hybrid process bonding strong, polymer concrete rings with high-impact resistant fiberglass sidewalls, forming a monolithic body. Paired with polymer concrete lid, select units are suitable for light or heavy incidental traffic. Specifiers can meet expected load ratings while installers can handle and modify with ease.

DESIGNED WITH YOUR NEEDS IN MIND.

The Oldcastle FRP family of enclosures offers a wide variety of sizes from 1118 all the way to 4896. This unique enclosure offers flared wall and straight wall bodies in many sizes to accommodate various job requirements. The flared wall bodies offer more interior space for your application. This monolithic design is easily modified in the field with common tools.

CAREFULLY CRAFTED.

Oldcastle FRP is manufactured using a spray up method with even layers of fiberglass strands and resin that are applied onto the mold. After being rolled to remove trapped air, we reinforce the enclosure with woven cloth applied between layers. This process ensures our high impact resistance and durability.

**LIGHT ON WEIGHT,
NOT ON
PERFORMANCE.**

LIGHTWEIGHT

Oldcastle FRP features a lightweight design allowing for easier, safer handling and installation. The unique spray-up fiberglass manufacturing method paired with the polymer ring creates a strong, lightweight product.

STRONG

Strength and durability are key features to the Oldcastle FRP family. The reinforced fiberglass sidewalls are high-impact resistant, providing a superior solution to a common challenge in this market.

MODIFIABLE

Oldcastle FRP allows for easy field modification with common power tools. Contractors and installers can modify these enclosures quickly with ease.

ROBUST OFFERING

We understand that variety is important to meet the various needs of your projects, and Oldcastle FRP is available in a broad range of sizes and depths to provide the right enclosure for your project.

OLDCASTLE FRP FEATURES

Medium Duty: Non-Deliberate Traffic
ANSI/SCTE-77, Tier 15

MARKING OPTIONS

Flush cover polymer concrete lids available in multiple marking options, including custom marking opportunities.

HARDWARE, ACCESSORIES & SECURITY

Available accessories such as cable racking and hooks as well as diverse hardware options providing various levels of security.

MONOLITHIC DESIGN

Fiberglass resin sidewalls paired with a polymer concrete ring crosslink during the curing process creating a strong body.

EASILY FIELD MODIFIABLE

Add mouseholes and knockouts in the field with ease. Common tools and bits to make simple field modifications.

HIGH-IMPACT RESISTANT SIDEWALL FABRICATION

Even layers of fiberglass strand resin applied and reinforced with woven cloth, making this product exceptionally strong and high quality performance.

OLDCASTLE FRP ENCLOSURE FAMILY

Material	Model	Size (L x W)	Shape	Wall Type	Depths	Performance	Rating
Fiberglass Reinforced Polymer w/ Polymer Concrete Ring	1118	11" x 18"	□	Straight	12", 18"	Tier 15	Medium Duty
	1324	13" x 24"	□	Straight/Flared	12", 18", 24"		
	1419	14" x 19"	□	Flared	18", 24"		
	1730	17" x 30"	□	Straight/Flared	12", 18", 24"		
	2424	24" x 24"	□	Straight	24"		
	2436	24" x 36"	□	Straight/Flared	18", 24", 30", 36", 48"		
	3048	30" x 48"	□		18", 24", 30", 36"		
	3060	30" x 60"	□	Straight	30", 36"		
	3660	36" x 60"	□		24", 30", 36"		
	4872	48" x 72"	□		36", 48"		
	4896	48" x 96"	□		48"		
	1000	10" dia	○	Straight	18"	Tier 8/Tier 15	Lt/Med Duty
	1800	18" dia	○	Flared	36", 48"		
	2200	22" dia	○		30"		
	2400	24" dia	○		36"		
	2700	27" dia	○		36", 48"		
	3900	39" dia	○		24", 36", 48", 72"		
	4000	40" dia	○		48"		
5400	39" dia	○	Straight	36", 46"	Tier 15		

NOTE: Actual load rating is determined by the box and cover combinations. Dimensions may vary slightly.

Depths marked in RED are only available in straight wall enclosures, depths marked in BLUE are only available in flared wall enclosures.

Oldcastle®
Enclosure Solutions

Count on Oldcastle Enclosure Solutions to deliver reliable, high-performance products to allow for a safer and more successful project.

OldcastleEnclosures.com

At Oldcastle Enclosure Solutions, we understand what makes your projects successful — the right enclosure, for the right location, for the right application. That's why we're dedicated to providing innovative, high-quality solutions to meet every application and the reliable service to back it up.

We leverage our footprint and manufacturing portfolio of the world's leading brands in grade-level utility boxes to create optimal solutions for Electrical, Communications, Water and Irrigation markets.

We believe our solutions do more than simply support infrastructure, that our solutions keep our communities running strong.
