GROUND ROD DRIVER

Designed for safer installation of ground rods, The Jameson Ground Rod Driver* eliminates the need to climb above the rod for installation.

GROUND ROD DRIVER DIAMETER SIZES

Part Number	Diameter Sizes
RD0012	1/2" diameter
RD0058	5/8" diameter
RD0034	3/4" diameter

OPTIONAL COMPONENTS

Part Number	Product
RDSKT	Driver Socket

Socket is SDS MAX

- Position at any height for easy and safe installation
- Designed with a positioning guide which allows the driver socket of the rotary hammer to be engaged to the ground rod driver
- Manufactured from high quality steel, designed with a backside support ridge
- Heat treated for long service life

*The standard Ground Rod Driver does not include drive socket or rotary hammer.

*Designed for use with a rotary hammer, use of impact tools or jack hammer may shorten service life.
